

The Manufacturing Industrial Council Delivers

- MIC is a founding member of Tacoma Green Economy Hub
- Increased strategic public engagement by 250%
- Increased participation in working groups and committees by 5x
- Secured a MIC seat on the Tideflats Advisory Group

The South Sound Manufacturing Industrial Council is a core strategic program of the Tacoma-Pierce County Chamber. The MIC is committed to the preservation of industrial land, strengthening existing business, and expanding manufacturing, industrial, and maritime opportunities in the South Sound.

Together we are building a strong, prosperous, and sustainable future for the South Sound.

The MIC is aligned with the State of Washington's goal to double manufacturing capacity and workforce, with an emphasis on green innovation and commitment to women and minority-owned businesses.

ABOUT MIC

Our Commitment

16,000 New manufacturing jobs
in the next 10 years

Doubling the number of
Women & Minority Businesses

Adding an additional

\$65 BILLION
in economic impact statewide
